

**Carroll Electric
Cooperative Corporation**

Application for Commercial Development

Before design of the electric system can proceed, this form must be completed by the Developer and returned with the application and deposit.

This application for design of electric facilities in a *Commercial Development* is made by the *Developer* to Carroll Electric Cooperative Corporation (CECC). Once the completed application and fee is submitted to CECC, a *Commercial Development Installation Agreement* including preliminary design and associated *Cost Estimate* for electric facilities will be prepared and provided to the *Developer* with reasonable diligence. This application, the *Commercial Development Installation Agreement*, and *Cost Estimate* expire one (1) year from the initial application date. Changes by the *Developer* to the *Development* plan may result in additional design fees.

Provide the following information:

1. Development Name (“*Development*”) _____
2. Development Location (City, County, Parcel#) _____
3. *Developer* Name (“*Owner/Developer*”) _____
Mailing Address _____
City/State/Zip _____
Phone: _____ Email: _____

4. Is the *Developer* a corporation, LLC, or other entity? Yes No

If “yes” please provide the name and title of all owners or officers of the entity, as well as a completed IRS form W-9 (a copy of which is attached to this application):

Name	Title
_____	_____
_____	_____
_____	_____

5. Provide the name and contact information for the *Development* representatives who have decision-making authority.

Name of Representative	Phone Number	Email Address

6. Is the *Development* subject to a planning jurisdiction? Yes No

If “yes” please provide:

Name of Jurisdiction: _____

Contact Person: _____

Telephone: _____

Email: _____

7. Is the *Development* going to be constructed in phases? Yes No

If “yes” attach a copy of the overall *Development* plan including all proposed phases.

8. State the expected total sq. ft. and type of use for all structures: _____

9. Will natural gas be available to structures in the *Development*? Yes No

10. Is there equipment being installed that requires three-phase power? Yes No

If “yes” attach a detailed description of the specific power requirements for each load. Include the type of the electrical load, motor horsepower, locked rotor current, full load current, voltage, and location within the *Development*.

11. Will there be a power requirement for amenities such as motor-operated gates, public use areas, signage, or landscape? Yes No

If “yes” attach a detailed description of the specific power requirements and the locations within the *Development*.

12. Is the *Developer* proposing to use *CECC* streetlights in the *Development*? Yes No

The *Developer* is responsible for obtaining approval from the planning jurisdiction for the streetlights.

13. Is the *Developer* proposing to relocate or remove any of Carroll Electric’s existing electric distribution facilities? Yes No

14. Is the *Developer* proposing to use an approved engineering contractor to design the underground electrical facilities within the *Development*? Yes No

If “yes” contact *CECC* for a list of approved engineering contractors as well as design guidelines.

15. Submit the following to complete the application:

- A. Overall *Development* plan showing all proposed phases.
- B. Timeline for construction – including all phases (if applicable).
- C. Approved plat drawing of *Development* in an AutoCAD format including plans for other utilities and easement language (see Section 4.4 and 4.6 of the “*Commercial Development Extension Standard*”).
- D. If three phase power is required, detailed description of the specific power requirements, include the type of the electrical load, motor size, voltage, and location.
- E. If there are other service requirements for amenities such as motor-operated gates, public use areas, etc., please provide a load description and location for each service.
- F. A copy of a completed IRS form W-9.
- G. \$1,000.00 nonrefundable application and design deposit.

By signing below, the *Developer* agrees they have received a copy of the CECC “*Commercial Development Extension Standard*,” which is also available from a CECC representative, or at www.carrollecc.com, and understands and agrees to the requirements and conditions set forth therein. The *Developer* further agrees that all electric facility extensions shall be in accordance with the CECC line extension tariff and the CECC “*Commercial Development Extension Standard*” that are in effect on the date hereof or as they may be modified thereafter; and agrees to provide such to its engineers and contractors in order to avoid delays or additional costs during the construction of their development.

The Developer further agrees that the Cooperative shall not be held liable for any losses, damages, penalties, or expenses for any delay in delivery, including any delay at any point in the supply chain, of materials of any nature necessary for this project. If for any reason, the quantities of any such materials available to the Cooperative are less than its total needs, the Cooperative may allocate its available supply of materials among its members and/or itself, for any use whatsoever, in such a manner the Cooperative deems proper in its sole discretion, without thereby incurring liability on account of the method of allocation or its implementation. In no event shall the Cooperative be liable for any incidental, consequential, punitive, or any other damages, expenses, or costs of any kind, including, but not limited to, lost profits, loss of use, loss of time, shutdown, or slowdown costs, inconvenience, lost business opportunities, damage to goodwill or reputation, or other economic loss, regardless of whether such liability is based on breach of contract, tort, strict liability or otherwise, and even if advised of the possibility of such damages or such damages could have been reasonably foreseen.
